

TWO BRUTAL MURDERS

EX-MAYOR SNOW IS ARRESTED FOR CRIMINAL LIBEL

BRUTAL MURDER OF A GIRL

Body Thrown on the Track and Badly Mutilated.

Police Seize a Clew By Finding a Bloody Handkerchief.

CLEVELAND, Ohio, Sept. 22.—The badly mutilated body of Miss Olive Rayle, 22 years of age, was found today lying across the Lake Shore track at the entrance to Gordon Park.

It was at first supposed that Miss Rayle had been killed by a train, but later the police stated that an investigation developed that the girl had been murdered and the body placed on the track, where a train had cut it in two.

Miss Rayle lived with her brother, Dr. W. L. Rayle, in Glenview, a suburb. She was handsome and highly respected. Thus far the case is enshrouded in mystery.

In the roadway near where the body was found, the police discovered the tracks of a rubber-tired buggy and also the footprints of two persons, one being that of a woman and the other the heavy imprint of a man's shoe. In the bushes a short distance from where the girl's body lay, was found a man's plain linen handkerchief. It was saturated with blood and bore the initials "J. D."

The throat of the dead girl was discolored as though she had been choked. Her body had been most terribly mangled by a train. The body was cut completely in two across the chest, while the limbs were broken and crushed. When the body was examined at the morgue a cut in the head, which it is thought could not have been inflicted by the cars, was found. Dr. Rayle, the young woman's brother, expressed the belief that she had been murdered and the body placed on the track in order to hide the crime.

BELIEVES SUICIDE THEORY.

CLEVELAND, Sept. 22.—Chief of Police Kohler, after a personal investigation, stated late today that he believed the girl had committed suicide while suffering from despondency, by throwing herself in front of a moving train. He added that the bloodstained handkerchief and the buggy tracks in the vicinity of where the body was found did not tend, in his judgment, to show that murder had been committed. Half a dozen detectives have been detailed on the case.

TROOPS CALLED TO ARMS.

VICTOR, COLO., Sept. 22.—The troops in Camp Goldfield were called to arms late last night. It was said at military headquarters that unknown persons had attempted to break through the guard lines on Bull Hill. Twenty shots were fired by the sentries but it is not known whether any of them took effect.

RUSSIAN DIVORCE IS GOOD.

Judgment of the Rabbis Held Valid in America.

Defendant, However, Is Convicted on a Charge of Bigamy.

CHICAGO, Sept. 22.—A Russian decree of divorce has been held to be valid by Judge Gibbons, of the Circuit Court of this city. Max Graber, a Russian Hebrew, was married 19 years ago to Sarah Graber. He came to the United States, his wife refusing to follow him. After remaining in this country five years he returned to Russia and his wife demanded a divorce and \$500 roubles, the ante-nuptial settlement. He came back to America and when he had saved the money sent it to her. He then married again. The first wife came to Chicago and demanded more money. Graber refused to give any. She thereupon had him arrested for bigamy. He was tried and found guilty. Sentence, however, was suspended. His attorney, however, then made up a case to test the validity of the Jewish decree called "get" granted in Russia, the divorce obtained having been handed over to her by a council of rabbis in solemn session in Russia, according to the Russian laws. Judge Gibbons held that in the absence of any proof of fraud, the decree was valid and must be recognized by the courts of Illinois.

ARRESTED FOR A BRUTAL ASSAULT.

SALINAS, Cal., Sept. 22.—The man arrested near Neponset last night for assaulting Mrs. Washburn at Seaside, gives his name as Francisco Martinez. He is a native of Sonora, Mex., aged 25. In appearance he is a Paqui Indian and he speaks no English. He claims he was not near the spot when the assault is alleged to have been committed. The ground near the scene shows signs of a great struggle with the imprint of a peculiar sole of a shoe. The prisoner has one shoe which fits the imprint. He was taken to Monterey today for arraignment.

NEGRO DENIES HE KILLED A DETECTIVE.

PEORIA, Ill., Sept. 22.—John McCrea, the negro who, on June 23d, shot and killed Detective William Murphy and who escaped lynching only because the authorities spirited him away to the Galesburg jail, was placed on trial this morning. He denies his guilt and his attorneys will open the defense by claiming that Murphy was not a properly commissioned officer, his appointment not having been confirmed by the City Council. McCrea was caught in the act of stealing coal from cars and killed the officer.

EX-MAYOR SNOW IS ARRESTED.

Warrant is Sworn out Charging Him With Libel.

Adolph Goldman an Oakland Merchant is the Accuser.

SAN FRANCISCO, September 22.—Just before noon today Police Judge Fritz issued a warrant for the arrest of Roland W. Snow, former Mayor of Oakland on a charge of criminal libel.

The complaint was sworn to by Adolph Goldman, an Oakland merchant, who had a sensational street encounter with Snow a few days ago. Goldman alleges that Snow libeled him by charging him in writing with insanity. He alleges that Snow made in writing, as an offset to a debt due Goldman from him, a charge of \$1000 for treating Goldman for temporary insanity.

Goldman declares he was never insane and that Snow never treated him in any way save to borrow money from him. He claims that in accusing him of insanity Snow has damaged his reputation and injured his business.

A few days ago Goldman demanded that Snow pay him some \$2,000 which he alleged the Ex-Mayor owes him. Failing to secure payment he assaulted Snow. In explaining the occurrence, Snow stated for publication that Goldman was crazy and that he, Snow, owed him nothing. Goldman, in reply, said he had documents to show Snow's indebtedness, and further stated that Snow had rendered a bill against him for services as an alleged insanity expert. This bill constitutes the basis of the prosecution for libel.

WANT THE ROAD CLOSED.

PROTECTION IS DESIRED FOR THE PRISON AT SAN QUENTIN.

SAN RAFAEL, Cal., September 22.—The Board of Supervisors of Marin County are seriously contemplating the closing of the county road known as the "Hill road" leading from San Rafael to the San Quentin prison. Some time ago the State Board of Prison Directors, through Directors J. H. Wilkins and S. N. Pelton appeared before the board and asked that the road be closed and made a private road, claiming that it was for the best interests of the State in general to grant their wish. The Hill road has been a public highway since 1854 and is the main driveway in front of the prison. For this reason it is easy, so it is claimed, for ammunition, guns or opium to be cached by evil-doers along this road and ultimately passed inside the prison walls. Several times before the prison directors have attempted to have this highway abolished and as far back as 1893 took the matter into court. The county, however, won out in both the Superior and Supreme Courts. After the Folsom outbreak the matter was thought of more favorably and today the Supervisors are investigating a proposition whereby the State officers are to build a road for the county.

GOOD CHANCES FOR RECOVERY.

SAN JOSE, Cal., Sept. 22.—Mrs. De Sisset, the most seriously hurt of the victims of the automobile accident last night, will recover if blood poisoning does not set in. An operation was successfully performed this forenoon. She was terribly lacerated but no bones were broken. In the case of Peter Cole, whose arm was broken, it is not believed that amputation will be necessary.

GIVEN TEN YEARS.

NEW HAVEN, Conn., Sept. 22.—Oliver T. Sheppard, the defaulting cashier of the Southport National Bank, was today sentenced to ten years in prison by Judge State in the United States Court.

TEN THOUSAND REFUGEES SEEK PROTECTION.

AT ATTACK ON AN INSURGENT VILLAGE IN BULGARIA.

SOFIA, Sept. 22.—Ten thousand refugees from the district of Lozengrad arrived at Burgas during the last few days, according to official advice.

SERBIAN ELECTIONS.

BELGRADE, Serbia, Sept. 22.—The elections yesterday to the Skupshtina resulted in victories for the extreme radicals, of whom 65 were elected. The house otherwise is composed of 78 Radicals, 15 Liberals and two Socialists. All the party leaders were elected. The Skupshtina will meet in extraordinary session September 27, when the ministry will resign. It is practically settled that General Guineces will be the next premier.

BULGARIAN PROPOSAL.

CONSTANTINOPLE, Sept. 22.—The Porte, after several meetings at the Yildiz Kiosk to discuss the Bulgarian proposal that an international commission be appointed to deal with Macedonia, has dispatched a reply pointing out that it considers the mission entrusted to him Pasha, the inspector general, to be equivalent to the commission proposed by Bulgaria and adding that if the Bulgarian Government is powerless to re-establish and maintain order among its population its Suzerain is always ready to come to its assistance.

FINLAY HAS STAND.

LONDON, September 22.—Attorney-General Finlay devoted the morning session of the Alaska Boundary Commission to the examination of the evidence of the Canadian surveyors regarding the mountains bordering on the Alaskan coast. Contrary to expectation he was still speaking when the commission adjourned.

SAYS THE POPE TAKES A GREAT INTEREST IN AMERICAN AFFAIRS.

NEW YORK, Sept. 22.—Cardinal Gibbons arrived here today on the Kaiser Wilhelm de Grosse. A delegation of priests and laymen from Baltimore went down the bay on a revenue cutter to greet him and welcome him home. Heading the delegation were Rev. Dr. J. D. Stafford of Washington and Rev. B. Singleton of Baltimore, and Rev. R. B. Tibbitt of Baltimore, supreme president of the Catholic Benevolent Lodge.

The cardinal will remain in this city a guest at the home of Mrs. Kelly of Brooklyn until Friday, when he will accompany the delegation to Baltimore. When the welcoming party boarded the Kaiser Wilhelm in off Quarantine, Mr. Tibbitt made an address of welcome to which the cardinal briefly responded. Another reception awaited the cardinal when he went ashore at Hoboken. The pier was crowded with friends from this city. This afternoon the cardinal will go to Brooklyn. He had a pleasant voyage and he said the ocean trip had recuperated his strength, which had been greatly taxed by the several spells of fever he suffered, due to the intense heat in Rome during the progress of the conclave.

Of the new pontiff the cardinal spoke in terms of the greatest enthusiasm. He said that the choice of the conclave had been most happy from an American viewpoint, as Pius X was deeply interested in the development of the church in this country and was singularly familiar with American institutions. The cardinal had several lengthy interviews with the Pope regarding church affairs in this country.

The cardinal was not inclined to discuss the probable policy of the new papal regime but said that no radical changes in American church administration would ensue. He said that one of the first steps taken by Pius was to instruct his acting secretary of state, Mgr. Merry del Val, to provide for an extensive exhibit of the Vatican treasures at the St. Louis Exposition. He said the exhibit would probably comprise some of the magnificent jubilee gifts of the late pontiff and a number of rare historical manuscripts and maps from the Vatican library relating to the early settlement and mission work in the Louisiana Purchase territory, most of which was penetrated by Catholic missionaries within a quarter of a century of the discovery of the Continent.

RAILROAD MEN TO STRIKE.

Company Rescinds Grants to Men and is Ready to Fight.

Northern Pacific at Odds With Engineers and Fireman.

ST. PAUL, Minn., Sept. 22.—Negotiations between the officials of the Northern Pacific and firemen and engineers are practically at a standstill, as the officials of the road have denied the requests of the men and rescinded grants made at previous meetings.

Grand Master Hanrahan, of the Locomotive Firemen, and J. J. Stone, grand chief of the Brotherhood of Engineers, are here for a conference this afternoon. Both these men informed the Associated Press that unless this meeting brought about a change in the attitude of the railroad officials, a poll of the men of the entire system would be taken in 48 hours.

CURSE OF A CONVICTED MAN.

FRESNO, Cal., Sept. 22.—"Judge, I hope that God will curse every person that has had a hand in sending me, an innocent man, to prison. I hope He will curse them and their offspring. I'm innocent—that is all I have to say."

This was the malediction pronounced by A. J. Canady this morning after a life-sentence had been imposed on him by Judge Austin. Canady was convicted of debauching his 13-year-old daughter. It was a dramatic scene when the sentence and malediction were pronounced.

DEATH OF C. SHEPPARD.

SAN RAFAEL, Cal., Sept. 22.—Christopher Sheppard, for many years a citizen of San Rafael and a member of one of the oldest families of California, died here this morning after a protracted illness, aged 47 years.

RAILROAD MAN IS KILLED.

Conductor's Head Crushed in a Horrible Manner.

W. L. Baugus Is Attacked and Killed for His Money.

COLTON, Cal., Sept. 22.—W. L. Baugus, conductor of a Southern Pacific work train running in and out of Delez quarry east of here, was found dead beside the track early this morning with his head crushed to an almost unrecognizable mass.

The body was discovered by a section crew two miles east of this city. Baugus had evidently been murdered by powerful blows on the head.

It is presumed by the railroad officials that he came to Colton yesterday to cash his pay check and that on his return either in the Colton yards or further out he was set upon by thugs, beaten to death and robbed of the \$150 which he is supposed to have had with him.

One theory is that the man's body was carried out of Colton on a hand-car and thrown into the ditch during the night, as there were few signs of a struggle where he was found.

LIGHT WEIGHTS TO MEET TONIGHT.

Joe Angeli and Jack Cordell Will
Meet in Roped Arena Before
Reliance Athletic Club.

Tonight Joe Angeli and Jack Cordell will meet in a fifteen round contest before the Reliance Athletic Club and the match promises to be one of the best that has ever been seen on this side of the bay. Very little is known of the ability of either of them to box fifteen rounds at a fast pace as they are both recruits from the amateur ranks, but both are clever and have had the advantage of the very best possible training. The fact that both are so evenly matched, as was shown in their previous four round meetings at amateurs, is leading added interest to the mill.

According to the articles of agreement which the men signed when they were matched about a month ago, they are to weigh in at 135 pounds at 5 o'clock this evening. They will meet at Harry Corbett's place in San Francisco for that purpose. Then they will journey to this side of the bay where they will fulfill the second condition at 8 o'clock by being examined by a physician. They have already posted \$25 as a forfeit for appearance and an additional \$100 to make the required weight. Fifty per cent of the gross receipts will be divided between them and it will probably be divided on the basis of 45 per cent to the winner and 25 per cent to the loser.

The interest that has been evinced in the meeting is very gratifying to the club as it proves to them that they made a very wise selection in choosing the principals for the main event. This is very true as the winner of tonight's contest is looked upon as a coming champion. Both have acted as sparring partners for well known prize fighters. Angeli was with McGovern and Cordell with Fanger and both of these fighters have stated that the then amateurs would make their mark when they turned professional.

Angeli has done his training at Croll's Garden in Alameda and has done it under the supervision of Eddie Hanon, the clever feather weight, and Harry Foley. His work has been systematic throughout and he has acquired considerable speed and cleverness, in addition to which he already possesses a virtue of his sparring with Hanon. Angeli has strength and grit to a marked degree and is admitted as being one of those qualities to win the fight for him tonight. During the last two weeks Angeli has done a lot of hard work and is now in

splendid condition for the fray. He is well within the weight limit and brimming over with confidence. Cordell started to do his training at Alameda, better known as the Six Mile House, but he moved to Palo Alto about two weeks ago as he found the surroundings at the latter place more to his liking. He wishes for acquiescence in his work and in order to get it had to go further away from San Francisco. For he first two weeks he had big Jack Johnson as his chief trainer, but when he moved to Palo Alto, Johnson concluded to remain near San Francisco and Cordell secured the services of Ted Wolfe, the clever welter weight. Like Angeli, Cordell has worked very hard in his training and is in the pink of condition. He will weigh less than his

opponent this afternoon. The styles of fighting of the two men are entirely different. Angeli crouches and prefers to fight at close range, consequently he is continually boring in, much the same as Hanon does, while Cordell is always erect and excels at long range fighting. His blows are clean and decisive. He is remarkably quick on his feet and possesses science and generalship. His friends maintain that he is more scientific than Angeli and a punch harder, consequently they feel him to win in his decisive manner. Angeli's friends claim that their man can take all that Cordell is capable of giving and still be ready for more. They also claim that Cordell cannot stand hard punishment and will be finally beaten down and out.

Two fast preliminaries will prepare the spectators for the main event. The first will be a four-round contest between "Tandoo" McGovern and Jerry Fairbanks, two San Francisco newspaper whose weights are about 115 pounds. They have a grudge to settle and the contest will be a good one while it lasts. The second bout will be an eight round contest between two clever feather weights, Young McConnell of the Reliance Club and George Brown of the West Oakland club. The club has made arrangements for a very large gathering and they will handle the crowd with the same dispatch as characterized the last entertainment. The advance sale has been heavy and those who are going to take a chance with a general admission ticket will have to be on hand early in order to get a front seat. The doors will be open at 7:30 and the first bout will be called at 8:30 p. m.

HOW THE CORDELL-ANGELI FIGHT LOOKS TO SPORTING MEN.

P. A. A. ELECTS OFFICERS

RECOMMEND THAT SAM BERGER
BE REINSTATED AS
AMATEUR.

The annual election and meeting of the Pacific Athletic Association was held last evening at the Reliance Athletic Club. President W. B. Hitchman read his report, in which he outlined the past year's work and the condition of the association. At the conclusion of the report Secretary Houser drew the attention of the members to the Olympic games at the St. Louis Exposition. The association then considered ways and means for sending a representative team from the Coast.

After the reports from the various committees had been read the matter of the reinstatement of Sam Berger into amateur ranks was considered. Berger was declared a professional some time ago for receiving remuneration from Fitzsimmons, while traveling and sparring with him in his show. After much discussion it was decided to send a letter to the Amateur Athletic Union, the parent organization, recommending the reinstatement of Berger, although it is somewhat doubtful whether the A. A. U. will do so on account of Berger's recent connection with Corbett's camp.

The officers elected were: W. B. Hitchman, president; T. V. Fitzpatrick, vice-president; Herbert Houser, secretary-treasurer; George James, Herbert Houser and Thomas Harris, regulations committee. The new board of managers is: P. B. Ranch, A. L. L.; W. B. Hitchman, A. B. C.; E. J. Lynch, Ariel; M. S. Levison, Bay City; P. D. Rothkopf, Dolphin; M. M. Levy, Hayes Valley; M. Witterbottom, Lincoln; T. Hains, Lurline; C. Smith, Olyphant; Multnomah; C. C. Smith, Nevada; J. C. Griffin, Occidental; D. E. Brown, Olympic; M. J. Cudman, Reliance; G. James, Sarto; E. Harrington, S. F. A. C.; M. Riley, Sequoia; J. C. McCoughen, Stanford; and Ezra Decoto, University of California.

WOULD LOCATE WEALTHY ESTATE.

C. L. Gandy of Mt. Auburn, Illinois, has written to County Clerk Cook asking for information in regard to a Mr. Haven who is said to have died in this county the first of the year and left an estate valued at \$50,000. The community states that he was an uncle of the Walters family and an old bachelor and had no nearer relatives. "Help me locate this estate and I will make it interesting for you," he says. County Clerk Cook says he knows of no \$50,000 estate that is hidden away in the confines of Alameda county.

SUSPICIOUS CHARACTERS.

NEW YORK, Sept. 22.—A round-up of suspicious characters has followed the determination of the police department to end the feudal shooting affairs on the lower East Side in this city which have resulted recently in a dozen men being killed. Twenty-four prisoners were taken in the first raid.

One threw a vial of chloral into an ash barrel a moment before he was arrested and there was none who did not have either an ugly knife or revolver concealed about his person.

TOOK PICTURES OF ELKS

F. H. DORSZAK MAKES A HIT BY
REASON OF HIS EXCEL-
LENT WORK.

F. H. Dorszak of 1114 Washington street, one of the most popular and best known photographers in Oakland.

The pictures of the members of the Oakland lodge of Elks and the interior of the Elks' Hall, which appeared in the TRIBUNE last evening, were taken by Mr. Dorszak. These pictures give an idea of the excellent work done at this gallery.

Recently Mr. Dorszak took some interior and exterior views of the new Oakland postoffice, which were highly complimented by the officials at the Postal Department at Washington. Besides the Elks' pictures published, Mr. Dorszak has taken a number of other exterior and interior views of the interior rooms, which make a very handsome display. He does excellent cabinet work, besides all kinds of inside and outside photography.

Mr. Dorszak is not a newcomer to Oakland, but has lived here nearly all his life and his splendid work in the photographing line has brought him to the front. His studio on Washington is splendidly equipped for all kinds of work in his line.

STRIKE CAUSES BANKRUPTCY.

NEW YORK, September 22.—An unusual quarrel between capital and labor has resulted in the appointment of a receiver to wind up the partnership of Smith & Kessler, bookbinders. The assets are \$32,000 and liabilities about \$10,000. The trouble was caused by a strike, but the receiver says, to the fact that they could not get along with one of the firm's members. Finally, they refused to obey his orders and struck.

Nearly everyone who has catarrh knows how foolish it is to try and cure it by dosing the stomach. Temporary relief may be given, but a cure seldom comes.

THE BROOKLYN BASEBALL TEAM.

The Brooklyn team is composed of a husky lot of young ball tossers, all of them under 18 years of age. They have beaten all of the teams in their class, and have had to take on older and stronger teams in order to get games. With the latter they have more than held their own.

WILL BOWL FOR MARKSMEN ARE BRITT TO FIGHT SEIGER

CITY OFFICIALS WILL MEET IN MATCHED TENPIN GAME.

SHELL MOUND PISTOL AND RIFLE CLUB PLAN TO INTER-TAIN.

THEY ARE MATCHED BEFORE SAN FRANCISCO CLUB FOR OCTOBER 16.

The employees of the Coroner's office and those of the Health office have had a difference of opinion for some time past as to their relative skill in bowling at ten pins. They have argued the matter until they are tired and still haven't settled it, so they have concluded to pick two teams of four men each and have a matched game in the very near future.

The exact date for holding the match has not yet been fixed but it will be some time this month. They will roll three games each and the total pins will determine the winner. The conditions of the match are that the losers shall entertain the winners at a French dinner. The match will probably be rolled on the Thirteenth street alleys.

Henry Evers is in charge of the team from the Coroner's office and is casting about for the best players. As yet he has not completed his line-up. The health office team is composed of Ben Doody, Charles Strausberg, Stewart Cammell and Ed Smith. The proposed match is attracting much interest among the officials at the City Hall and there will be a large crowd on hand to watch the game.

ACCUSED OF SWINDLING IN MINING DEAL.

NEW YORK, Sept. 22.—Lawrence Sumner, known as "Larry" to the police, was arraigned here today on a charge of swindling George A. Melton of Pittsburgh out of \$25,000 in a mining stock transaction. The arrest was made at the request of the police of Philadelphia, where the swindle is alleged to have taken place. The police were also asked to hold two other men for whom they are now looking.

LOCALS REMAIN ATHLETES TO RUN AND JUMP IN SOUTH.

WILL PLAY ONE MORE WEEK IN LOS ANGELES THEN GO NORTH. SCHOOLS OF BAY COUNTIES TO MEET SATURDAY ON CINDER PATH.

This week the local team plays its second series with the Los Angeles team before returning North and Sacramento and San Francisco will fight out another series. This leaves Portland and Seattle to play with each other. After this week the Recruits will jump to Seattle and play in the North for two weeks before returning home.

Young Tealy Raymond has made a hit with Captain Irwin and is as good as a fixture with the San Francisco team. Last week he was really the best player on the team and carried off the batting honors, hitting at .380. He will be played at second base this week and Delmas will relieve Pabst at first. Denny Shay will be back at short.

Lohman was very unfortunate to lose "Buck" Francis, now that the team is playing good ball. "Buck" was operated on for appendicitis yesterday and it will be a month before he is out again. The doctors in charge of him expressed considerable doubt as to whether he will be able to play again this season. His loss will be sorely felt by the Oakland team.

Sammy Vigneux has relinquished the management of the Portland team at the request of the board of directors and his place will be filled by "Bones" Ely, late of the San Francisco Nationals. Vigneux had a war of words with the Portland backers and demanded an accounting. This was refused him but afterwards granted when the directors saw that the team with Vigneux was a losing proposition. They finally agreed to repay him what he had advanced the players and to buy the stock that he owns.

Baum has refused to come to Sacramento and have a try-out with Fisher's men. Baum has a good berth in Eureka and wants to be assured of steady employment before leaving the Humboldt town.

Parke Wilson has signed "Spec" Hurlbert to play utility man for the Seattle team. "Spec" is a fair fielder and an average hitter.

By taking the series from San Francisco Sacramento did Los Angeles a big favor. The only chance for making a close finish of the season was to have San Francisco overtake the leaders, but the latter now have almost a runaway match of it.

BEGINS CONTEST OVER WILL OF MRS. SARGENT.

A contest over the will of the late Almerne B. Sargent has been begun by a niece of the deceased on the ground that she was 61 years of age and her mind was impaired when she executed her will. It appears from the contestant's filed complaint that while Mrs. Sargent had several relatives living at the time she made the will, she left their names out of the document with the exception of that of her brother, Albert B. Sargent, 73 years, and in a codicil made a bequest to Annie Monaghan, her nurse, of \$1000. All the estate with the exception of the \$1000, was bequeathed to Elsie.

The estate to be fought over by the heirs is valued at about \$20,000, and is understood to consist of personal property, chiefly money deposited in banks.

WILL SURVEY NEW LINE.

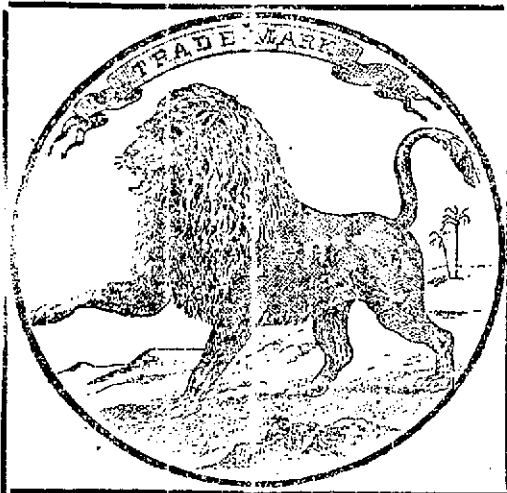

SALT LAKE, Utah, Sept. 22.—A party of civil engineers employed by D. H. Moffat's Denver, Northwest and Pacific road, is in Salt Lake, starting the work of surveying the new line from this end. While confirmation is lacking, it is understood the Moffat road may occupy the same terminals as the Rio Grande and the Western Pacific, for which the Rio Grande is now seeking a franchise from the City Council.

NEW FACES AT GREAT CROWDS AT IDORA PARK. THE NOVELTY.

MIRTH AND JOLLITY GREET AUDIENCES AT THIS POPULAR RESORT.

MANAGER LUBELSKI PRESENTS AN EXCELLENT BILL THIS WEEK.

The new bill at Idora Park this week is a success. The house was packed last night with an appreciative audience and the applause and laughter which was heard on all sides must be gratifying to Manager Lubelski.

Mr. and Mrs. W. J. Morton do a clever laugh-making bit, combining singing, dancing and funny situations, which is much enjoyed.

Mrs. Dixon is very beautiful and accomplished and has a voice of unusual strength and sweetness.

Mr. and Mrs. Coad are talented musicians. Their playing on a number of instruments with electrical effects is a beautiful specialty.

Mexico and Mexico is a combination of comedy with the best living dog terrier former in the world. The act is very novel, and includes comedy effects, acrobatic feats, etc.

Harry Sylvester sings new illustrated songs.

Allie Lyman is a striking feature on this week's bill. She is an expert player on the piano.

The moving pictures were all new. There is a matinee every afternoon except Monday, and Friday nights are devoted to amateurs.

Idora Park is located on Telegraph Avenue and Fifty-sixth Street. Take a trolley to the entrance.

RAILROAD'S LARGE EARNINGS.

NEW YORK, Sept. 22.—It is stated by the Herald that the annual report shortly to be submitted to the board of directors of the New York, New Haven and Hartford Railway will show the largest gross earnings in the company's history.

The total gross is given as \$47,208,000, an increase of \$775,000. Net earnings were \$13,945,000, an increase of \$1,094,000 and the surplus, after charges have been deducted, for the year amounts to \$5,271,000, an increase of \$1,148,000.

Manager Lubelski has outdone himself this week for he presents the best bill in the history of the theatre.

The extra attractions are due to the fact that this is the first anniversary of the Novelty Theatre's opening in Oakland.

Mr. Lubelski, appreciating the generous patronage of the public, extends to every lady attending the day performances this week a useful souvenir.

Among those who amuse the audiences this week are Acceley and Roselle, comedy sketch team; Harrison Brothers, peers of vaudeville; Gilmore and Lafave, society sketch artists; Summers and Winters, knockabouts and expert dancers; Baldwin, the illustrated singer; "The Spirit of '70" and the moving pictures of the "Holy City," Jerusalem, is one of the best productions of its kind on the stage today.

With such an aggregation of talent it is no wonder the house is crowded at every performance.

WAS BENEDICTINE MONK.

NEW YORK, Sept. 22.—A private dispatch from Prague announces the death of Brother Karl, probably the most famous member of the Benedictine Order of Monks.

Before entering the cloister, he was Prince Edwin Schoenburg, an officer of the Austrian Emperor's guard. At 25 his tastes suddenly changed. One day he rode to the Benedictine Abbey from the parade ground and asked to be admitted to the priory. He gave a large fortune to the order and spent his days working among the poor.

REV. MOWBRAY.
He has been given a unanimous call to remain pastor of the Fruitvale Congregational Church.

SHE DID NOT TAKE TO HAVE CHARGE POISON. OF THE FAIR.

MRS. DIMMICK SIMPLY SUFFERED FROM NERVOUS COLLAPSE. LADIES WHO WILL RAISE MONEY FOR THE CHURCH.

When visited at her home this morning Mrs. Stella Dimmick, widow of Dr. Edward Dimmick, was resting under the quieting influences of opiates administered by Dr. Herrick.

Friends have been with the distracted woman during the days that have intervened since the news was brought to her that her husband's body had been found in the Contra Costa hills, and especially close and careful has been their watchfulness and attention during the last twenty-four hours, for the reason it was feared that the nervous exhaustion, added to the mental strain of the last few days, might prompt Mrs. Dimmick to attempt injury to herself.

At the funeral the bereaved woman was greatly overcome. However, by marked effort, she bore up until the return to the home at 1061 1/2 Willow street. Then came the collapse, requiring the medical services of Dr. L. F. Herrick.

That physician when seen at the Dimmick home this morning said: "Mrs. Dimmick is suffering greatly from nervous strain, due to the trying events of the last few days."

"I emphatically deny having made any statement that when I was called yesterday I found her suffering from the effects of poison which her friends thought she might have taken. On the contrary, I found her nervous. She had collapsed. Perfect rest and quiet was what was needed, and I think within a few days she will have recovered from the shock of the events of the past week."

The friends in attendance upon Mrs. Dimmick also emphatically deny that taking poison, although they admit her anguish and sorrow makes it quite probable that her grief is sufficient to drive her to such a deed of desperation.

UNHAPPY COUPLES IN THE COURT.

Suit for divorce has been begun in behalf of Louise Reed, against John V. Reed on the grounds of cruelty. They were married last June but it is alleged in a few weeks he forgot his vows and began a system of behavior that has led to the filing of the suit.

Louise Turner has asked for a divorce from Myron C. Turner on the grounds of desertion.

W. W. Moore, whose wife recently sued him for a divorce, has responded in a cross-complaint in which he denies all the allegations of cruelty that she hurled at him in her opening paper, and reports that she is unfit to have the custody of their two minor children because of her intemperate habits. He accuses his wife of indulging in hard drinks until she was intoxicated at a local public garden in the company of persons unknown to him.

Calvin F. Hinckley has caused George F. Hinckley to be cited to appear before Judge Ogden on September 25th to show cause why he has not paid her alimony as ordered last month when she was granted a divorce.

The booths at St. Francis de Sales fair which begins September 30, and will be given in St. Francis de Sales hall, are in charge of the following ladies:

Refreshment Booth—Miss Agnes Kearney, president; Mrs. Coakley, secretary; Mrs. Keifen, Mrs. Berger, Mrs. Otero, Mrs. Hanley, Mrs. Fleweger, Mrs. Higgins, Mrs. Morton, and Mrs. Treat; Misses Alice Kearney, A. Porter, H. White, K. David, G. Hanley, R. Madden.

Tea Booth—Mrs. H. J. Butters, president; Miss Dunn, secretary; Mrs. Cook, Mrs. J. D. Dunn, Mrs. Chabot, Miss L. Mahoney and Mrs. Oscar Luning.

Children of Mary—Miss M. M. McDonald, president; Miss M. Gallagher, vice president; Miss J. Kelly, secretary; M. O'Connor, treasurer; Misses Fleming, E. Gallagher, Whelan, L. Kehoe, K. Dougery.

St. Francis de Sales—Mrs. Ryan, president; Miss Russeau, secretary; Mrs. Collins, Mrs. McVinnis, Mrs. T. Brown, Misses Burke, Allen and K. Mahoney.

Flower Booth—Mrs. J. J. Lillenthal, president; Mrs. Kisch, secretary; assistants, Mrs. Stanley, Misses Purcell, Mrs. Carling, has donated some beautiful Irish flannel to the refreshment table. It is very valuable now, and will be still more prized after some years as the process of making it is a lost art. There is a complete tea set, on which the tickets are being sold at fifty cents each; also some single cups and plates which will be sold individually at the fair. Ticket on the tea set may be obtained from the ladies of the refreshment booth.

NEW TRANSFERABLE MI. LEAGE BOOK.

CHICAGO, September 22.—It has been decided at a meeting of passenger traffic officials that the new 2900 interchangeable mileage book will go into effect November 1. The new book will be good on trains and no question will be raised as to who the person presented is the purchaser or not.

It was announced officially that the following lines had entered the new bureau and would accept the book on their lines: Chicago & Alton, Chicago & Northwestern, Chicago, Burlington & Quincy, Burlington lines in Missouri, Chicago Great Western, Chicago Milwaukee & St. Paul, Chicago, St. Paul and Minneapolis and Omaha, part of the Great Northern, part of the Northern Pacific, Quincy, Omaha and Kansas City, and Wisconsin Central.

Officials of the road represented in the new mileage bureau say that all Western lines, with the possible exception of the Rock Island, will on the bureau as soon as it is in operation.

FAVOR BONDING THE CITY FOR SCHOOLS.

BOARD OF EDUCATION WILL ASK
\$965,000 FOR THIS
PURPOSE.

The Board of Education at its meeting last night decided to recommend to the City Council the bonding of the Oakland school district for the sum of \$965,000 for the purpose of improving the school system of the city by the purchasing of additional sites and the erection of new buildings and ask that an election be called for the purpose of voting bonds to raise the necessary amount of money.

A special meeting of the joint committee of the City Council and the Board of Education of which Director Isaacs is chairman, will be called by him in the near future to take the necessary action to bond the matter of a report properly before the Council.

The matter came up last night on a final report of the Committee on School Houses and Sites recommending that the Oakland school district be bonded for the sum of \$200,000 for the purchasing of new sites for school buildings and additional lands to sites that need enlarging and \$765,000 for erection of new school buildings. This sum provides for new school buildings for the Lincoln, Prescott, Cleveland schools. The report of the committee was discussed at length in executive session by the Board prior to the meeting and when reported by Director Isaacs in open session, was adopted by the following vote:

Ayes—Clift, Hathaway, Isaacs, Knox, Pratt, Robertson, Wilcox and President Randolph.

Director Redington explained that he was in favor of the adoption of the committee's report with the exception of the amounts set apart for the proposed building for the Lincoln, Prescott and Cleveland schools.

The matter of preparing an exhibit of school work to be sent to the World's Fair brought to the attention of the Board by a communication from Thos. Furlong, who is interested in the preparation of a State exhibit for this purpose, a member of the State Board of Education.

The Classification Committee reported favorably on preparing such an exhibit with the exception of the amount of the school routine and at an expense not to exceed \$250.

It was also recommended that the Board of Supervisors be asked to appropriate this amount out of the money that will be raised by taxation for an Oakland county exhibit of the school routine and at an expense not to exceed \$250.

The Classification Committee recommended the formation of a new class at the Garfield school on account of the crowded condition of the rooms. The matter was laid over for one week.

The matter of constructing gates to keep out the cattle from the school building at night was reported back unfavorably by the Committee on School Houses and Sites. It was recommended that the gates be removed and the fence be fenced in the cattle side. Estimates of the cost of this it was stated had been submitted and placed at \$250. Director Redington of the Finance Committee, stated that he did not know how much money the school would be able to spend and that the matter be laid over for a month. The matter of the fence was referred to the Finance Committee.

A petition was presented from J. W. Jones to have his son Harold removed from the Temescal school to the Durant school. The matter was referred to the Superintendent.

Permission was asked by Judge Henry A. Melvin that his son Bradford M. be transferred from the Durant school for half a day on account of ill health. The request was granted.

The petition of the Alliance Francaise to the use of two rooms in the school buildings at night for the instruction of pupils in French was laid over for investigation.

The present term was allowed Rebecca Blackwood, a teacher in the school department.

The Board authorized the payment of the usual list of bill for supplies, etc.

CLERICS CRITICIZE BOOKER WASHINGTON

FORESTRY AT BERKELEY.

Nature seems to have made a great oversight at Berkeley, which President Wheeler has undertaken to remedy in characteristic fashion. When the pine grove in the grove between the campus and the Central street entrance to the University grounds, three of them were so thoughtless as to locate themselves out of line with President Wheeler's idea of sylvan propriety. Perhaps the pine had not contemplated the contingency of President Wheeler being called to preside over the destinies of the University of California, which of course was a glaring oversight, but the neglect to line up with precision has been deemed as in the nature of an affront to the new head of the institution. He has borne the silent defiance of his wishes as long as human nature could stand it, but at last he has felt that his dignity must be asserted. He has had the offending trees cut down. Next time they presume to grow on the University grounds they will have sense enough to locate themselves in accordance with President Wheeler's ideas of forestry. Other trees will no doubt take the lesson to heart and govern themselves accordingly. Even the trees at Berkeley must respect President Wheeler's wishes and render obedience to his commands—or be cut down. Probably President Wheeler feels a sense of righteous indignation that the Le Conte Oak has neglected to grow up straight; its great limbs sprawl out in a most indifferent and careless way, exhibiting a painful neglect of the rules of deportment, and its huge, gnarled trunk looks becomingly neatness and primness. It is to be hoped, however, that President Wheeler will forgive the old tree for its wretched misbehavior because of its associations. It really doesn't know any better. And it is old and grew up in times when nature was allowed to take its own course—before its will, freedom fell under the stern, but just, restraint of Benjamin Ide Wheeler.

THE SURPLUS DANCER.

In Monday morning's papers there was a dispatch from Washington to the effect that the surplus in the Federal treasury was increasing at the rate of \$1,000,000 a week. On Sunday another dispatch stated that the cash balances in the New York banks had decreased owing to the absorptions by the sub-treasury. In other words the money in the banks has decreased, while the money held in the national treasury has increased. This counter-movement is noticeable in New York because the bulk of the duties on imports are paid in that city.

The effect of this is to cause something like a financial stringency. Of course it will be temporary, but the phenomenon illustrates the evil of the government withdrawing from circulation a large amount of cash from the channels of business that it does not require and which is not readily released to meet the demands for liquidation. At this time the shortage is felt more acutely because the New York banks have been called on to furnish money to the West for moving crops.

The treasury surplus is steadily accumulating. The revenue laws are providing the government with income considerably in excess of its needs, hence there is a constant drain on the ready cash of the country that is not compensated for. This drain must result in creating an artificial scarcity of the circulating medium that in turn must seriously affect business if not stopped. The effect is precisely as if individuals or banks hoarded their ready cash and refused to allow it to circulate.

It is needless to say that the government derives no benefit whatever from having a huge surplus piled up in its vaults, while the presence of that idle money there is an injury to business. It is a form of contraction that is without excuse. At the next session Congress should take some action to obviate the collection of revenue beyond the necessary requirements of the government. A growing surplus should not be permitted to handicap business and put a brake on enterprise. Money is made to circulate and not to hoard and the government should not continue the practice of collecting money from the people for which it has no present need. The process tends to create financial timidity and to inspire doubts as to the continuance of prosperous conditions.

Chamberlain is evidently not as unpopular as we have been led to believe. He was only booed by the mob in London, which is a very mild expression of disapproval in England. When a British crowd desires to file a genuine protest against a public man, nothing softer than a brick or a cobble stone is used.

When she was being launched the ruler Maryland stuck on the ways in this respect it resembled Gorman's Presidential boom.

A Democratic club in Los Angeles endorsed Grover Cleveland for a third term. Who will now say Los Angeles is lacking in respect for antiquities?

A BOOMERANG ARGUMENT.

The Philadelphia Record presents this as an argument against protection:

"Some of the American shoe shops in Germany have been doing a tremendous business, and the sale of American shoes in Bogota has had the curious effect of inspiring a boycott by the local shoemakers, who refuse to mend American footwear. All Americans welcome these evidences of our commercial success, but in many directions the real meaning of these incidents is not recognized.

"These American boots and shoes, of which more than four million dollars' worth were exported in seven months of this year—a marked increase over the exports of the corresponding period of last year and of the year before—were manufactured from leather the price of which is enhanced by a duty. Much of the leather was tanned from hides on which a duty of 15 per cent was collected. That this duty was not paid by the foreigner, but by the American manufacturer of shoes, is the belief of every one of the manufacturers. That this tax is a heavy burden upon them all of them assert. They have repeatedly asked for its repeal. It is practically impossible to get the rebate on exports because the leather in the shoe cannot be sufficiently identified.

"The shoes are not only made from taxed materials, but they are made by workmen who get much higher wages than foreign workmen. If American wages made the product expensive, and therefore justify the protective tariff, then shoes should not be exported, and only the duty would prevent the importation of foreign shoes. But the shoes are exported; they bear the cost of transportation and then sell for what we should call a high price in comparison with shoes made locally or imported from countries where our Protectionists say work is done by 'pauper laborers.' One of the American shoe shops in Germany reported on as a uniform price for all kinds of shoes—men's and women's, high and low, black and russet—and the price is \$4.28, and the concern is doing a large business right in the country of pauper labor.

"These export shoes kick the bottom out of all arguments for protection based upon the fact that American wages are higher than those of foreign countries."

Never was a finer example presented of an argument defeating itself. How would this result of protection strike the pauper laborer in the free trade country? Because the protected American laborer, getting high wages and working up taxed materials, can make shoes that can be sold at a profit in a foreign market for prices lower than the free trade manufacturer can afford to sell for, it is argued that protection is a failure. What is it for the free trader? Certainly the protected manufacturer and workman have all the best of the comparison. If the free trade workman, using untaxed raw materials and receiving smaller wages, cannot turn out shoes at as low a cost as can the protected workman using taxed materials and receiving higher wages, wherein is the economic advantage of free trade? If we can pay better wages and undersell foreign competitors under the protective system, protection seems to have proved its case. If free trade and low wages lose the market, it is hard to see why one would care to take up that end of the poker.

AN EXPENSIVE LESSON.

This year the taxpayers of Alameda county will have to pay into the State Treasury upward of \$330,000 more than they were called on to pay last year. A portion of this excess arises from a too low State tax rate for the past two years. Another portion arises from the increase in the assessment made by the County Assessor, but fully \$170,000 of the whole excess must be charged up to the State Board of Equalization. When that body raised the assessment of this county twenty per cent, it demanded not less than \$170,000 from the taxpayers that they should not justly have been called on to pay. Twenty per cent does not seem so great a matter at first glance, but it means \$170,000 out of pocket for this county just the same. The more it is contemplated the more the people of Alameda will become impressed with the beauties of our present system of equalizing assessments for State purposes.

Senator Hanna's stomach may be out of fix, but his head is working all right. At Chillicothe he made John H. Clark think calamity is coming sure enough.

A GREAT AUXILIARY SALE FOR WEDNESDAY

SALE BEGINS TOMORROW AT 8:30

Wednesday will be the Banner Day of the Alteration Sale. It will be a great booming, bustling day because our invitation to every department to contribute its very best has been responded to more heartily than we dared expect.

Below we have an ad full of the best bargains that have ever been offered. Bear in mind please that we are cutting prices on new fall goods. That is a procedure that is certainly out of the ordinary. As you may know it is a rule among merchants to cut prices only on undesirable, slow moving goods. With us it is different. We are compelled to sacrifice new goods. The situation now demands an extra effort and that is the occasion of this sale for Wednesday. We must restrict the selling to one day so if you want to get first choice we advise that you be here early Wednesday morning.

MEETING OF THE
TRUSTEES.

EMERYVILLE TOWN FATHERS HAD
A BRIEF SESSION LAST
NIGHT

EMERYVILLE, September 22.—The town trustees of Emeryville met last night. Excepting for a few minutes of license application nothing of importance came up at the meeting. Town Clerk Cebun stated as his opinion earlier in the day that the expert report would be ready for consideration by September 23. It is not yet in hand. Nothing was said as to the enforcement of the license ordinance which has been enforced since the records of Justice of the Peace for the last month bear testimony.

FERRY BOATS IN SLIP.

The ferry boats Yerba Buena and San Mateo, are in the slip at the respective wharfs at the end of the Emeryville pier. They will be kept here until their services are needed. In other words until the piers are ready.

PASTOR WAS NOT SHORT. IN HONOR OF PROFESSOR MOSES

REV. MAHONE ACCOUNTED FOR ALL THE MONEY COLLECTED.

Rev. Luther B. Mahone of the Thirty-fourth Street Methodist Church, who was at the Methodist Episcopal Conference held recently at Pacific Grove, and charged by Rev. E. R. Dilla, pastor of the First Methodist Church, with having been short in his accounts, has been vindicated by his account.

At the time the charge was made, Rev. Mahone was absent from the conference, having returned to Oakland to be in attendance on his young wife, who is lying seriously ill in the hospital. When the news reached him, he willingly invited a thorough investigation of his accounts. A committee was delegated to look into the matter and after a thorough examination found that in the year that Rev. Mahone had charge of the Thirty-fourth Street Church, he had paid out for the running expenses and improvements just \$10 more than the church had received.

After the accusation, Rev. Mahone was placed on probation for another year, and the Rev. N. D. Buck was placed in charge of the Thirty-fourth Street Church. The committee's reason for this action, as stated, was because Rev. Mahone had been lax in his accounts and had not been money matters in the proper manner.

Rev. Mahone emphatically denies all the allegations made and says that in the end he will show the conference that the accusations were entirely without foundation.

"No, I have not thought of giving up church work. I will remain right here and go along with the work until the church is built, but after that I am not yet decided as to what I shall do."

Mr. Mahone has been tendered the following testimonial from his flock:

"To Brother Mahone: We, the members of the Thirty-fourth Street M. E. Church, desire to express our gratitude for the work done by you during the past year. Your departure was not only regretted by each and every member of the church, but by many of the attendants.

"We desire to express our appreciation of your work relative to our building project and for the careful financial management, every dollar raised being carefully accounted for."

WOMEN WILL TRY TO HELP THE MAYOR.

Reorganization of the current events and the curio classes of the Oakland Club will take place Wednesday afternoon at 2 o'clock at the club house. All desiring to join these classes should be there at that time. No charges are made and the work is instructive and stimulating. Book reviews will be a strong feature of the current events class this year. Florence Hardman Miller, who was leader of the year, will resume the work again and Mrs. W. S. Peters of the art and curio class has many good things in store for the coming months. An outdoor art league will be formed on Wednesday to co-operate with the Mayor in his worthy task of beautifying the city. Mrs. C. E. Jones, formerly of Los Angeles, will lead this class.

WANTS A NEW TRIAL.

Attorney A. A. Moore, acting for the Southern Pacific Company, has filed notice of an intention to move for a new trial in the suit of Gertrude Johnson, who was last week given a verdict for \$11,000 damages by a jury for injuries received by being thrown from a car while she was at Mills in 1901. The motion will be based upon the following grounds: Excessive damages given under the influence of passion or prejudice; insufficiency of the evidence to justify the verdict; that the verdict is against law; errors in law occurring at the trial.

Attorney Moore has also found fault with the cost bill submitted by the plaintiff's attorneys.

"PEOPLE'S PALACE" IN JERSEY.

NEW YORK, September 22.—Ground has been broken in Jersey City for the new People's Palace, planned by Rev. John L. Scudder, pastor of the First Congregational Church. The building is to cost \$100,000 and much of the money already has been raised. The scheme of the institution is unique. Besides classes for men, women and children, all sorts of recreation will be provided. There will be an assembly and rifle range, a large gymnasium, an assembly hall seating 1,200 and a spacious roof garden.

BERKELEY, September 22.—Professor Bernard Moses of the University of California, who has just returned from the Philippines where as a member of the commission he was engaged in the task of establishing an educational system for the islands, was the guest of honor last night at the thirteenth meeting of the Unitarian Club of San Francisco held at the Palace Hotel, San Francisco. Addresses were made by Professor Moses and President Benjamin Ide Wheeler of the State University.

Professor Moses gave a brilliant review of the work of the Philippines Commission and while defending the attacks made upon the national administration, gracefully complimented the work done by Governor Taft. The Professor said in part:

"I shall dwell particularly on the aspects of American business relations with the Philippines. First we must conclude that we want the Philippine trade and we must go for it. We cannot expect the wealth of the Orient to pour into our baskets unless we open the lid. Europe wants the trade and is using strenuous means to keep all the

MABEL DENOBRA LOSES NO TIME IN GETTING COMPLAINT CANCELLED.

All the happiness had gone out of the life of Mabel F. Denobra since bringing a suit against her husband for divorce and when overtures for peace were made to her and she saw in her imagination a return of the old love and happiness which had been hers in the early days of her married life, she grasped at it eagerly and this morning the County Clerk's office could not open too soon for her to get the charges, terrible to her, dismissed.

When the deputies opened the office this morning they found a disconsolate little woman outside who wished to dismiss a divorce complaint she had filed against her husband. There was no attorney with her but she did not wish a moment to be wasted. She wanted to know if she could not do it herself as she was the most interested person and she was told that she could.

She waited impatiently for the formal blank to be made out and hurriedly signed her name to it when it was finished and seemed as if a world of trouble and woe had been told that that was all. She wants no divorce and now after the first one has been dismissed. The former complaint was dismissed upon the ground that it was not wholly in the English language, as the law provides it should be.

Currin, who publishes a German newspaper, is charged with having promulgated through its columns a false and libelous article that seriously damaged Feldmann in his business and social relations.

POINT OF LAW CAUSES CONTINUANCE.

A second complaint was filed in the matter of alleged libel of Henry Feldmann by Albert Currin and the case came up for hearing this morning and was continued until the 24th inst., that the prosecuting attorney might have an opportunity to look up a point of law raised by George E. De Golla for the defendant. The point raised was that the statute prohibits the filing of a second complaint in cases of this kind after the first one has been dismissed. The former complaint was dismissed upon the ground that it was not wholly in the English language, as the law provides it should be.

Currin, who publishes a German newspaper, is charged with having promulgated through its columns a false and libelous article that seriously damaged Feldmann in his business and social relations.

ECONOMY IN BREWERIES.

PHILADELPHIA, Sept. 22.—At today's session of the convention of the United States Malt and Brewers Association the 400 delegates formulated a plan whereby stricter economy will be practiced at the breweries so that malt would not be wasted. The art of brewing was also discussed in detail.

The apprentice question was then taken up, and consisted mainly in devising plans whereby thoroughly capable young men could be employed and taught how to brew beer to a perfected state.

PROF. BERNARD MOSES. (Photo Genthe.)

At sundown last night impressive services were held in all the synagogues in observance of the festival of the new year, 5664, according to the Jewish calendar.

At the synagogue of the First Hebrew Congregation this morning at 6 o'clock, a solemn prayer service opened the day's devotion, and at 9:30 o'clock the augmented choir sang a praise service and at 10:30 o'clock, Rabbi Friedlander preached a sermon, talking for his subject "The Kingdom of God." Mr. Bernstein assisted the Rabbi in conducting the services.

Flowers in profusion and many palms decorated the sacred edifice and a special musical program was arranged comprising twenty-one numbers, some of which are new and some are traditional melodies.

The choir was directed by Miss Virginia de Fremery and included a double quartet, of which the members were: Sopranos—Miss Mary Chester Williams and Mrs. Carrie Brown Dexter; altos—Mrs. Grace Carroll Elliott and Miss Feldheim; tenors—Messrs E. D. Crandell and E. J. Basson; and basses—Messrs. J. H. Williams and J. H. Williams.

At the morning's session Mrs. Elliott sang "Praise the Lord O My Soul," by Holden, and Mrs. Dexter's solo was "The Holy One of Israel," Henry Lincoln sang a beautiful song. Later Mr. Rowlands sang "O My King," and Mr. Rowlands sang "O My King."

At the Yom Kippur festival celebration service, Miss Feldheim will sing "Soar up, My Soul," an arrangement from Beethoven's "Moonlight Sonata."

Rabbi Friedlander, in his text the sixteenth verse of the twenty-ninth chapter of First Chronicles, said: "The highest and greatest significance of Judaism is acknowledged in the kingdom of God. The new year is an expression of the declaration of the Jew's faith and in celebrating this day declares God the supreme sovereign of the heavens above and the earth below."

HE WAS WAYLaid BY TWO FOOTPADS.

G. K. Hughes, residing at Twenty-second and Myrtle streets, claims that he was waylaid by two footpads last Saturday night while on his way home. They went through his pockets and finding no money, knocked him down and beat him until he was unconscious.

Two boys found him and carried him to his home where his injuries were dressed. His face was badly bruised, and
